What is HWOL?

The Conference Board Help Wanted Online[®] Data Series (HWOL) measures the number of new, first-time Online job postings and jobs reposted from the previous month for over 50,000 Internet job boards, corporate boards and smaller job sites that serve niche markets and smaller geographic areas.

Note on a Recent Data Revision

The HWOL data series was revised in August 2022 to address a change in job posting behavior at a large job board. The revision resulted in a total posting count drop from what was previously observed from May 2022 through August 20th, 2022.

This document contains information on weekly new job ads from the week ending November 5th, 2022 and monthly total job ad counts for October 2022.
