VETERANS SERVICES

www.ctvetjobs.org

Veterans receive Priority of Service for reemployment services from staff at American Job Centers (AJCs) throughout the state, which include five comprehensive centers and several smaller, affiliate locations.

Veterans, transitioning service members, spouses, and military caregivers eligible for the Disabled Veterans' Outreach Program (DVOP) may receive specialized services such as:

- Comprehensive assessments of skill levels and service needs
- Development of an individual employment plan
- Counseling and career planning
- Services to prepare individuals for employment and training.

Those who do not qualify to receive DVOP services may receive these services from other AJC Staff.

Local Veterans' Employment Representatives (LVER) develop and maintain relationships with employers to assist veterans in gaining employment. LVERs coordinate with businesses, unions, apprenticeship programs, and business organizations to promote and secure employment and training opportunities for veterans.

Age Discrimination is Illegal

Workers over the age of 55 have plenty of skills, knowledge, and work experience that employers value; however, your job search and workplace experiences may be very different from those of younger peers. Unfortunately, research shows that bias against older workers is present in many workplaces. Nevertheless, workers of all ages can take steps to be more successful and overcome any stereotypes based on your age.

Identify your skills

Your job prospects are improved when you understand your skills, learn how they map to employers' needs, and highlight them on your résumé and in job interviews.

Grow your skills

Consider obtaining professional certifications related to your career and taking an online class to improve your technology skills. Many are available for free or at a low cost.

You can learn more about training opportunities by contacting or visiting an American Job Center. Often older workers face the stereotype that they lack technical skills. Introductory classes are often offered through public libraries, community education, and American Job Centers.

Highlight your skills

Communicate your skills to employers. Make sure you highlight skills, training programs, and credentials such as degrees, certifications, or licenses on your résumé or social media profiles.

Consider a career change

Many people make large and small career changes in their 50s, 60s, and even 70s.

Handle concerns an employer may have about hiring an older worker

- Research current wages to confirm that your salary requirements are appropriate.
- Communicate enthusiasm and willingness to tackle the position offered.
- Note technology training and skills without overstating them.

For more information and to find more resources for 55+ workers (and workers of all ages) visit www.careeronestop.org.

Registered Apprenticeship is a paid training program of earning while learning that combines on-the-job training with classroom instruction. An employer sponsors and registers their new hires as an apprentice to learn a high-skilled trade. Registered Apprenticeships generally range from one to four years and at completion, the Connecticut Department of Labor's Office of Apprenticeship Training provides a portable training credential.

At completion, most apprentices have earned the skills and confidence needed to be successful in a career and earn top wages.

How do I become an apprentice?

1. In order to become a Registered Apprentice, an employer must be willing to hire and sponsor you.
 2. The employer/sponsor will contact the Office of Apprenticeship at the Connecticut Dept. of Labor.
 3. A list of all apprenticeship employers/sponsors is available at www.ctapprenticeship.com
- If your employer is not a Registered Apprenticeship sponsor but expresses an interest in hiring and training you as an apprentice, they can contact the Office of Apprenticeship Training at 860 263 6085.

R - Realistic occupations involve work activities that include practical hands-on problems and solutions.

There are many laws and regulations regarding work for those under the age of 18. The allowed hours of work and the minimum rate of pay may vary based on whether school is in session, the industry, and other factors. Rules for 14 and 15 year olds and allowed industries and occupations are different than for 16 and 17 year olds.

For 14 and 15 year olds, the times and hours of this employment generally are limited to periods of school vacation, during which school is NOT in session for five consecutive days or more, and with conditions.

Some occupations are prohibited for all minors under the age of 18, including the use of electrical tools, circuits, or equipment (except double insulated hand tools), excavation operations, and roofing operations. Automotive maintenance and repair is generally prohibited although some specific exceptions are permitted.

Permitted employment includes newspaper delivery, babysitting, etc.; household chores for private homeowners (yard work, etc.) and at licensed summer camps. A 15-year-old may be employed or permitted to work in any mercantile establishment as a bagger, cashier, or stock clerk during the summer months or non-school weeks. During the school year, 15-year-olds can work on Saturdays only in retail food stores.

As a general guideline, no minor under 18 years of age may be employed in any job that the Connecticut Department of Labor determines as hazardous. There are a few exceptions for minors who are students enrolled in approved programs, or minors enrolled in bona fide apprenticeship programs.

Details are available at www.ctdol.state.ct.us/wgwkstnd/minors/wgchklst.htm including an employers' checklist for employment of Minors.

Résumé Design Basics

The purpose of a résumé is to answer the employer's questions, so you get a job interview.

- Use 11+ point font for greater readability.
- Proofread to ensure no errors or typos.
- On average, résumés are 1-2 pages.
- Use a phone number with a professional voice mail.
- Provide professional email address.

Résumés can be written in fragment sentences which help deliver the same message in fewer words (fragment sentences exclude words like a, an, or the).

Your résumé does not need the phrase "References furnished upon request." However, you should have a minimum of three references who can speak to your skills, abilities, and professionalism.

Have your résumé critiqued by a Certified Professional Résumé Writer at no charge at your Local American Job Center.

Interview Tips

The key to a successful interview is advanced preparation:

- Before the interview, research the company/organization to be prepared for the question “what do you know about our company?”
- Begin to formulate responses to traditional interview questions like:
 - * Tell me about yourself
 - * Why did you leave your last job?
 - * What are your strengths and weaknesses?
 - * Where do you see yourself in 5-10 years?
- Conduct a mock/practice interview with a friend/family member and record yourself. You may not like the way you sound initially, but that’s okay. The more you do this, the more comfortable you’ll become during a real interview. Your answers will become more concise and polished.
- When scheduling an interview, obtain information that will ensure you’ll be on time such as directions and a contact name/number. It’s critical to be on time for your interview. Arriving late creates a negative impression.
- Within 24 hours of your interview, send an email thank you that expresses your appreciation for the interviewer’s time and reiterates your qualifications. The subject line of your email should NOT be THANK YOU. This may be perceived as junk mail. Consider a subject line like Our Meeting on 5/28/23.

For more information about conducting an effective interview, consider enrolling in our cost-free workshop, Interviewing Strategies and Techniques. Go to portal.ct.gov/dol/Job-Seekers
